

Crypto Trader

Bitcoin Suisse is a pioneering crypto-financial service provider based in Switzerland and trusted gateway to crypto asset investing. As the leading crypto-native institution, Bitcoin Suisse offers a comprehensive range of services, including brokerage, custody, staking, and other crypto-related solutions. With a focus on delivering tailored solutions and leveraging its deep crypto expertise, Bitcoin Suisse has played a key role in shaping the blockchain ecosystem in Switzerland over the past decade. Bitcoin Suisse is headquartered in Zug with offices in Copenhagen (Denmark), Vaduz (Liechtenstein), Bratislava (Slovakia) and Abu Dhabi, ADGM (UAE) and serves (ultra-) high-net-worth private individuals, family offices, asset managers and institutional clients.

As part of its global expansion strategy, the Bitcoin Suisse Group has established a regulated presence in the Abu Dhabi Global Market (ADGM) and has obtained a Financial Services Permission (FSP) from the FSRA to further expand its international footprint and strengthen its position as a leading provider of crypto-financial services, contributing to the continued development of the global crypto and blockchain ecosystem.

About the Role

As a Crypto Trader with a focus on derivatives, you will be instrumental in building up our trading team in Abu Dhabi. You will be enabling Best Execution for our clients and contributing to our revenue growth. This versatile role lets you actively participate in the fast-paced crypto markets while collaborating with a team of professionals and crypto natives.

You will have the following responsibilities

- Build and maintain strong relationships with exchanges, banks, trading counterparties, and technology vendors
- Assist in setting up trading infrastructure and operational frameworks for the ADGM entity
- Assist our developers with the construction of user- and business-friendly software
- Work closely with our trading and brokerage team based in Switzerland to ensure seamless coordination across markets, systems, and counterparties.
- Executing matched principal and agency orders including derivatives and spot trades in the best interest of our clients
- Provide execution advice to clients and internal stakeholders
- Monitor and manage positions across exchanges, OTC desks, and custodians
- Monitor collateral portfolios of clients and trading counterparties and execution of margin calls
- Identify new business opportunities and continuously expand our derivatives product offering
- Contribute to projects improving and developing trading products and procedures
- Align treasury activities with company's long term financial planning and broader financial goals
- Assist relationship managers and sales force in client meetings
- Perform daily reconciliation and other trading operational activities
- Creation of various trading related reports

What you bring along

- Bachelor's degree in finance, banking, mathematics or similar
- Initial experience as a trader, with a focus on derivatives (futures, options, structured products) is a must.
- Sound understanding of financial markets, crypto assets, and trading mechanisms
- Familiarity with reconciliation, custody and payments processes is a plus
- Strong interest in cryptocurrency markets and knowledge of crypto exchanges of advantage
- Dedicated to work evening shifts including weekends if required
- Good organizational and communication skills
- Reliable, proactive and team-oriented personality
- Entrepreneurial mindset with a curiosity to identify new business opportunities

- Ability to work independently, take initiative and ability to stay calm even in hectic situations
- Fluency in English is a must; other languages are a plus

What we offer

- **Expertise:** Work with crypto native experts
- **Culture:** Positive and supportive team culture that relies on common goals, ambitions and values
- **Activities:** Regular team events and activities
- **Ownership:** High level of autonomy and responsibility
- **Growth:** Be part of a pioneering firm expanding into the UAE market

Please note that for this position, only direct applications from candidates currently residing in the UAE will be considered.
